WEBSITE GROWTH AUDIT

Bella Medical Centre

bellamedicalcentre.com | Abu Dhabi | Prepared for the Bella Medical team

Dental, dermatology and cosmetic services under one roof is a strength, but a menu typo, repeated blocks and no booking form appear to cost you consultations.

What I found on your website

What I saw	What it costs you	The fix
The Book Consultation button appears about five times but sends people to a contact page, with no form or time slots, and the phone links are written with spaces.	Patients ready to book face extra steps and some will leave.	**A booking form with time slots on the page.**
The menu shows About Us three times in one label, and Your Health, Our Priority appears twice.	Copy errors and repeated blocks make a medical centre look careless.	**A clean menu and tidy sections.**
A testimonial reads Mity the laser tech and nice is really good, and the doctor list shows only dentists although dermatology is promoted.	Weak reviews and a mismatch between services and doctors reduce trust.	**Edited, named reviews and a full doctor list.**
Find Us Easily says use the map but shows no map, address or hours, and 4.8 (300+) Reviews has no source.	Patients cannot find you or verify your rating.	**A map with address and hours, and a linked review source.**

   You pick changes. I build in days, not months.
3. **Launch and track**
   Booking, WhatsApp and forms tested on mobile before go live.
