WEBSITE GROWTH AUDIT

Wellkins Medical Centre

wellkins.com | Ramada Signal, Doha | Prepared for the Wellkins team

Clear package pricing and a WhatsApp number are strengths, but missing images, dead menu items and a pricing error appear to cost you bookings.

What I found on your website

What I saw	What it costs you	The fix
The Departments, Services and Packages and Benefits menu items link to #, and the social icons use javascript:void(0).	Visitors cannot open the sections they came for.	**Working menus and real social links.**
Every image appears to use the same blank placeholder, so treatment photos such as Laser Hair Removal show no picture.	A page with no images looks unfinished and sells poorly.	**Real treatment photos with descriptions.**
One bundle reads 4 Sessions Each Qr.1,500 Save Qr.500 while the listed prices add up to Qr.1,700, a saving of Qr.200.	A pricing error invites doubt about every offer.	**One verified price list.**
The footer logo is labelled Medidove, the Live Chat heading shows no chat, three headlines are cut off and the WhatsApp link is written two ways.	Leftovers and broken details make a medical brand look careless.	**A clean page with a working chat button.**

What your new website will do for Wellkins Medical Centre

- Working menus and real treatment photos.
- One verified price list with clear packages.
- A working chat and WhatsApp button on every page.

How it works

1. **15 minute call**
   I show you a preview of your new design. No cost.
2. **Approve the look**
   You pick changes. I build in days, not months.
3. **Launch and track**
   Booking, WhatsApp and forms tested on mobile before go live.
