WEBSITE GROWTH AUDIT

SDC Legal Consultants

difccourtlawyers.com | DIFC, Dubai | Prepared for Advocate Sanjay Dubbey and team

SDC Legal focuses on DIFC and ADGM matters with a visible WhatsApp button. The contact section is empty and parts of the site point to a staging address, which loses the clients who are ready to call.

What I found on your website

What I saw	What it costs you	The fix
The How to Reach Us section is empty, apart from blank lines. There is no booking button, and the only action is a floating WhatsApp button.	A client ready to hire a DIFC lawyer who does not use WhatsApp has no clear way to reach you and moves on.	**A visible contact form and a Book a consultation button on every page.**
The footer Main Services and Practice Area links point to a staging address (pink-wasp-856671.hostingersite.com), and DIFC Legal Hub and Guides in the menu link to #.	Clients who click a staging link land on an unfamiliar site and may think it is unsafe, and dead menu links lose your guides.	**Every link on your own domain and a working menu.**
The phone number has no country code (045686559), the WhatsApp link goes to a different number than the listed mobile, and the address reads Sheikh Zayad Road.	A client calling from abroad cannot dial the number, and a WhatsApp message to the wrong number is never answered.	**One verified set of contact details, correctly formatted.**
The FAQ heading (High Ranking) shows as an SEO label, the DIFC Legal Hub menu lists several items twice, and testimonials are generic with no named clients or results.	A visible SEO label and repeated menu items look unprofessional, and generic praise does not convince a corporate client.	**A clean page, a tidy menu and named reviews or case outcomes.**

What your new website will do for SDC Legal Consultants

- A consultation first homepage with a visible contact form, a booking button and WhatsApp.
- Practice area pages written to rank for searches like DIFC employment lawyer and DIFC court lawyer.
- Proof beside every button: named reviews, case outcomes and your credentials.

How it works

1. **15 minute call**
   I show you a preview of your new design. No cost.
2. **Approve the look**
   You pick changes. I build in days, not months.
3. **Launch and track**
   Booking, WhatsApp and forms tested on mobile before go live.
